

It's Time to Pass the Fairness Act

LAMPa

Dear Senator,

I'm writing as your constituent and a Lutheran Christian whose faith calls me to care for my neighbor. Members of our congregations and communities who have experienced discrimination on the basis of actual or perceived sexual orientation or gender identity have told their stories of being particularly vulnerable to harm in public settings.

Our Commonwealth should be a safe place for everyone to live, love and work as their authentic selves without fear of discrimination. It's time to pass the Fairness Act (HB300) to amend the 1955 Human Relations Act -- which already prohibits discrimination based on race, creed, sex, color, age, ancestry, disability or national origin -- to add protections for sexual orientation, gender identity or expression.

Sincerely,
