

Support Hospital Price Transparency

Dear Representative,

As your constituent, a Christian, and someone who cares for the needs of my neighbors and their access to healthcare, I'm writing to urge you to support SB752 / HB1469.

Pennsylvania patients face major challenges in finding clear, reliable information about the cost of care. When patients receive care, they often can't find information in advance about what they'll pay. SB752 and HB1469 represent a bipartisan approach to ensuring information about prices and fees is easily accessible and complete.

Caring for our neighbors includes protecting them from unnecessary financial harm and ensuring they can make informed decisions about their health. Please support legislation to ensure that Pennsylvanians can make better-informed choices regarding our health care.

Sincerely,
